All -

URGENT REQUEST. We are participating in a special project to qualify as a agile delivery vendor for the federal government through an 18F Agile contest. We are required to build an web-based application with a quick turn around.

We need your help!! Please take the short survey so that we can conduct user research that will help build a medical web app.

https://www.surveymonkey.com/r/CDYXYWW

Please keep in mind that your answers will not be anonymous and we will follow up with selected individuals for interviews.
